Contact

Say Hello! We'd love to hear about your next project.

Introduction to the company

Thimze Media is a creative agency dedicated to helping businesses build memorable brands through design, print, branding, and digital solutions. We work with businesses of all sizes to create high-quality visual communications that inspire confidence, strengthen brand identity, and drive growth.

With a commitment to creativity, quality, and innovation, we deliver solutions that leave lasting impressions. From concept to completion, our goal is simple—to help every brand communicate better, stand out, and succeed.

At Thimze Media, we believe there is a print for every moment.

Behind every brand is someone who believed in an idea before anyone else did. Our job is to make the world believe it too."

Oluwasegun O. Adegboyega

Founder & Creative Director, Thimze Media

Built Around The Power Of Moments

Our Story

Thimze Media is a creative agency dedicated to helping businesses build memorable brands through design, print, branding, and digital solutions. We work with businesses of all sizes to create high-quality visual communications that inspire confidence, strengthen brand identity, and drive growth.

In an increasingly digital world, physical experiences still carry weight. A beautifully designed package, a thoughtfully printed invitation, or a professionally branded space can create a connection that a screen alone can't.

Over the past 5+ years, that belief has grown into a studio trusted with more than 300 projects — from first-time founders finding their voice to established brands sharpening theirs — and a client base that keeps coming back, reflected in our 95% repeat-client rate.

We exist to help businesses create those moments — through creativity, craftsmanship, and attention to every detail.

Our Core Values.

The standards we hold ourselves to, even when no one is watching.

Creativity

Original thinking that gives every story its own voice.

01

Craftsmanship

An obsession with detail because the smallest decisions shape the biggest impressions.

02

Quality

Delivering projects that leaves a lasting impression.

03

Consistency

Bringing the same care, commitment, and excellence to every project, regardless of its size.
